1.2 The city and public transport:

To make the stay more pleasant and easier for supporters, we provide some basic information on getting around Barcelona.

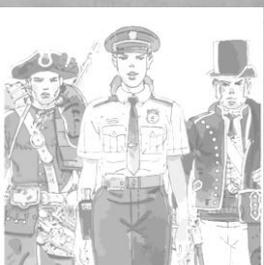

During the run-up to the match, supporters tend to enjoy spending time in the most popular tourist areas in the city centre. The easiest way to get from these tourist areas to the FC Barcelona stadium is by taking Line 3 of the Metro (the green line).

The most convenient and closest stops to the stadium are:

- Palau Reial station

For organised coach trips carrying a large number of visiting supporters from the city centre to the stadium, arrangements can be made with the coach companies and the Club to establish a series of coach parking areas and a police escort service to the stadium. In order to render this service, the visiting club must provide the trip organiser's details and those of the coach companies hired to transport their supporters.
